Dear Darryl

Re: Marakon Associates, 1-3 Strand, London, WC2N 5HP

I wanted to thank you for the excellent work you have undertaken for Marakon in designing and fitting out our 12,000 sq ft first floor office and for completing the dilapidations work on the similarly sized Mezzanine floor. Everyone is extremely happy with the new office and we are enjoying working in it.

The project was managed effectively and efficiently and we found your team a pleasure to work with. We set you a considerable challenge in terms of meeting differing demands of various end users and we appreciated the way in which you dealt with these sometimes varying opinions.

You managed to stay focused on the job even though the project over ran due to issues we had with the landlord. I was impressed with the way you quickly re-planned project timescales to meet new time constraints and with your overall focus to get the job completed.

Please pass our sincere thanks on to all members of the team for their professional and competent work.

Yours sincerely

Jo Wilson
Project Manager
